Home Water and Septic System Workshop

**Tuesday, October 25, 2016
6-8 pm**

**Manheim Farm Show
502 E Adele Ave
Manheim, PA 17545**

Pre-registration is required

The workshop is free to attendees who pre-register by 4:00 PM on October 24 by phone (717) 921-8803 or online: <http://extension.psu.edu/natural-resources/water/events>

Understand and Protect Your Water Supply and Treatment Systems

Many residents of Lancaster County and surrounding communities use wells, springs, or cisterns for water supply, and on-lot septic systems to treat and dispose of wastewater. This workshop will provide information on protecting, testing, and treating private water supplies. We will discuss septic system inspection and maintenance.

Learn how to protect your health, your property, and our shared ground and surface water resources.

Extension Educators:

Diane Oleson, Penn State Extension York Co
Jenn Fetter Penn State Extension Dauphin Co
Kristen Kyler, Penn State Ag & Environment Center

Free Drinking Water Testing

Free drinking water testing and a copy of *A Guide to Private Water Systems in PA* will be provided for up to 40 households. Results from simple tests can help guide you in future testing by accredited labs. Sample collection instructions will be provided to registrants. Support provided by the Master Well Owner Network grant from PA DEP and PGWA.

This program provided in partnership with the Chiques Creek Watershed Alliance.

This publication is available in alternative media on request.
